Otogawa-Anschel Design-Build and The Tenth Planet Graphic Design Host Open House

Minneapolis, MN (September 20, 2005)

Otogawa-Anschel, an award-winning design-build firm, and The Tenth Planet, a collaborative graphic design company, invite the public to their new shared location in North Minneapolis, located at 1214 42nd Avenue North, on Wednesday, September 21st from 2:00 pm - 6:00 pm.

The building, built in 1943, served as a dental office up until about 10 years ago and had not been in use again until now. Otogawa-Anschel purchased the building in June of this year, impressed with the style and condition of the structure. The space was remodeled to fit the needs of a modern company but retains much of its original woodwork and cabinetry.

The space now showcases an array of Otogawa-Anschel's featured products and building methods including:

- Engineered and solid wood floors in Australian Cypress, Wormy Chestnut, Hand-scraped Hickory, and Tiger Wood.
- Pella products including Between-the-Glass Window Fashions, Triple-Pane Protection, Precision Fit Replacement Windows, and Fullview Storm Door with Rollscreen
- 17 different paint colors
- Curved, stepped, and angled walls
- Marmoleum flooring
- Custom granite bathroom sink with the trademark Otogawa-Anschel edge
- Low consumption toilet with a dual flushing system
- Unique tile displays
- A sample room with selected green building products

"We are excited to be in our new home where we can play an active role in strengthening the community from within, and promoting the use of green materials and techniques across the industry. We hope to be here for many years to come!" said Michael Anschel, owner of Otogawa-Anschel.

"This joint venture gives us the opportunity to strengthen the trend of creating innovative, stable, and socially conscious companies in this dynamic neighborhood. We look forward to reaching new clients in the area who are seeking ways to help their businesses stand out," said The Tenth Planet owner, Jessica Schugel.

Otogawa-Anschel Design-Build is focused on urban development and city living. The company is committed to providing affordable, well-designed, green remodeling options for its clients.

The Tenth Planet Graphic Design provides smart, innovative solutions for both print and the Web. The company focuses on strong brand development and appropriate design for all types of promotional and marketing materials, ad campaigns, environmental signage, and websites.

Otogawa-Anschel and The Tenth Planet are located at 1214 42nd Avenue North in Minneapolis. Visit their websites: www.otogawa-anschel.com and www.thetenthplanet.net.
